Landlords May File For Rent Boost Monday

Albany and Berkeley landlords entitled to the new 25 per cent increase may file Monday when the new program goes into effect, Robert H. Thorp, director of Rent Advisory Boards of Alameda County said today.

The program was adopted by the boards on September 6 to compensate landlords for increased operating costs, in addition to reeling inequities now existing between various groups and classes of landlords.

Five temporary rent stations are being established throughout the county to serve landlords expected to avail themselves of the opportunity to secure rent adjustments. Landlords in this area will use the office established in the main lobby of the Berkeley Post Office. Application for rent increases may be made at the Area Rent Office, 319 14th St., Oakland.

Thorp said all landlords are eligible if they have not had a rent increase since June 30, 1947, and if they have had an increase of less than 25 per cent. In the latter case, however, landlords will receive only the difference between the increase they have already had and the maximum of 25 per cent under the new program.

Bazaar-Dinner Will Benefit Church Debt

Celebrating its 40th anniversary this year, the Albany Community Methodist Church today had scheduled an anniversary bazaar and dinner to be held at the church on October 13. Proceeds from the event will be used to reduce the \$3000 church debt.

Booths for all kinds of handwork, novelties, home-cooked foods, and Christmas cards will be featured at the bazaar. Doors will open at 2:30 p.m. and a full course dinner will be served between 5:30 and 7:30 p.m. by the women of the church. Entertainment will follow at 8:30 p.m.

Plans are also being made to make this one of the most successful years in the growth of the Community Church.

A family pot-luck dinner will be held at the church tonight honoring the return of Rev. Robert Benefield, pastor, and his family to the church for another year. Rev. Benefield is starting his third year as pastor. During the past two years the church debt has been reduced some \$28,000 and the membership has grown considerably.

The El Dorado Oil nine scored 3 to 1 over Kula Gulf in the first game of the Albany Recreation Dept. Fall Softball League played last Sunday at Codornices.

In the second game, the Cerrito Civic Club defeated Hyvis Oil in a nip and tuck contest by a score of 2 to 1.

The Albany Junior Chamber of Commerce won over Emeryville Eagles 5 to 3 in the opener at Memorial Park. Jaycee chucker Will Buechel got off to a bad start in the second inning allowing 3 runs on 4 hits, but held the Eagles for the balance of the game.

Albany Macabees defeated the Post Office by a lopsided score of 10 to 1 in the second game at Memorial. Warren Gould of the Macabees allowed only one hit.

Stated Meeting Set For 1000 Oaks OES

The Thousand Oaks OES has scheduled a stated meeting for 8 p.m. Monday at the Masonic Temple, Colusa at Solano Aves. Esther Pedersen, worthy matron and Clarence Petersen, worthy patron will preside.

Mrs. Evelyn Johns is serving as banquet chairman, assisted by Peg Cantrell, Marion Kamenka, Billy Konig, Catherine Kraus, Esther Moser, Gertrude Redpath, Grace Scott, Evelyn Scherle, Elsie Seay, Marilyn Sieverding, Stella Dill and Thelma Waters.

There will be a meeting on October 16 because of the Grand Chapter meeting in Sacramento.

Albany's annual clean up and spruce-up week, essay and poster contests, and films and pamphlets dealing with common fire hazards will all be included in the observance of Fire Prevention Week here October 8-14, Fire Chief Fred Pimental said today.

The Albany Junior Chamber of Commerce is offering a total of \$25 in prizes for the best essays and posters on fire prevention. Students of Albany High School and St. Mary's College High may compete for a \$10 first prize and \$5 second prize in the essay contest. The poster contest is open to youngsters in the fifth, sixth and seventh grades, with prizes of \$5, \$3 and \$2 offered to the top three, Pimental said.

Books on fire prevention will be distributed to youngsters under the fifth grade by the Albany Chamber of Commerce.

Albany insurance agents have prepared printed pamphlets dealing with common causes of fires in homes. This literature will be distributed by Albany Firemen in conjunction with their fire programs to be presented before schools and civic organizations.

The firemen's program will include colored slides made at local fires during the past year, with narration given by a member of the department. A question and answer period will follow.

Pimental and City Engineer Howard B. Carter have defined the clean-up drive as "an all around job of fall season cleaning with emphasis on removing fire hazards."

"National statistics show that about 90 per cent of all fires can be blamed on common fire hazards," Pimental said.

"The annual clean-up should not be confined to homes, but extended to garages, sheds, stores and industrial buildings," he added.

Pimental said fires could be reduced to a small number if residents would observe the following recommendations during clean-up week:

1. Get rid of combustible debris—old magazines, newspapers, discarded furniture, boxes and trash.
 2. Inspect other parts of the house which were used for storage during the summer.
 3. Heating plants and chimneys are dirty from idle use during the summer and should be checked.
 4. Check all electrical equipment.
 5. Don't use flammable cleaning fluids. Non explosive cleaners are available.
 6. Keep oil rags in covered metal containers to forestall spontaneous ignition.
 7. Never smoke in bed. Keep matches away from small children. Have plenty of ash trays available and see that a cigarette or match is extinguished before discarding.
- Newspapers and magazines will be picked up on October 8 in a paper drive sponsored by Cornell-Vista Dads Club and Cub Pack 7.

ABC Chapter to Award 3 Dolls October 10

Three beautiful dolls—Alice, Berinda and Cindy—with their complete wardrobes will be awarded to three lucky ticket holders the evening of October 10 at the Albany ABC Chapter of Children's Home Society.

Proceeds from the event, according to Mrs. Annabell Denham, president, will be used for the care of homeless babies and children until placed in permanent homes.

Each of the doll wardrobes include 25 articles of clothing made by members, and are now on display at Denham's Dept. Store.

Tickets for the event are available from members at 25 cents each or five for \$1, and at Denham's Bo-Kay Gift Shop and General Hardware Store.

The Children's Home Society is the only privately endowed adoptive agency in California with offices in all principal cities.

The Albany Chapter was organized two years during which it has contributed many articles of clothing and over \$500 for care of the children.

The fall membership drive of Thousand Oaks PTA now in full swing will run through October 6, Mrs. Richard Clark, chairman said today. She is being assisted in the drive by Mrs. E. F. Jansen and Mrs. Rolie O'Neal.

Familiar Walt Disney animal characters representing each class room are being used to record progress of the drive on a large poster designed by Mrs. Julian Havis, art chairman. The poster is posted in the entrance hall.

The PTA will fete all the children at the end of the drive and an extra treat is planned for the children in the rooms recruiting 100 per cent in memberships.

'Many Hands Make Light Work' is Slogan For Albany Chest Workers

"Many Hands Make Light Work" is the slogan adopted for this year's campaign for the Albany division of the Community Chest, it was announced today by Harold G. Denham, division chairman.

Albany's quota has been set at \$11,000 in the annual drive which opens on October 13.

Denham and Co-chairman Robert Benefield have divided the six residential districts into 12, increasing the number of "hands" in accordance with the official campaign theme.

"More than 200 Albanyans have volunteered their services for the drive this year," Denham said.

"Dividing the work among all of us is the democratic way. The Community Chest benefits all of us—so it is our privilege to contribute not only money but effort to its support," he added.

New Hearing Called For October 9

Albany City Councilmen today had abandoned their proposed increase in city sales tax in favor of a business license tax after meeting strong opposition from Albany merchants at the Monday night session.

Mayor Frank C. Gracher has called a public hearing to discuss the issue at the October 9 Council meeting.

The Council voted 3-1 last week to increase the sales tax from one-half-cent to one-cent on the dollar. Councilwoman Kathie Zain rejected the measure and Councilman Raymond Cleary did not vote.

Reversing his previous stand on the tax increase, Councilman Jerome Blank said that after talking with several merchants he felt that the tax would discriminate against businessmen.

Councilman John C. Longaker, who introduced the tax hike last week, said that he was willing to drop the tax proposal for a business license tax.

Speaking for the Albany Upper Solano Merchants Ass'n, Nick Kekas said that the Solano merchants were opposed to any increase in sales tax, favoring a business license tax. "If other cities had raised the tax we would go along with it," Kekas said, "but they have not."

"We would like to get together with you, Mr. Mayor, and see what we can do to solve this problem," he said.

Mrs. John Smith, a member of the merchants' group, recommended that the city tax each business \$15 plus \$1 per employee.

Mayor Gracher said, "If we don't raise money to finance our \$20,000 sewer project we must find funds to finance the city disaster program."

A letter from the Albany Chamber of Commerce requested that the Council delay action one week on the tax problem until they could complete a survey of local merchants for opinions on the issue.

In a committee report, Blank said the Street Dept. is repainting all red, white and yellow parking spaces on Solano and San Pablo Aves.

Blank said that the repaving of Madison Street from Buchanan to Clay was recently refinished and that work on Key Route Blvd. has been completed, with the exception of a few driveways. He said the city is presently repaving Spokane to Portland Aves. to the north city limit.

The Council approved three appointments. They are Paul R. Miran, 915 Taylor St. and Melvin D. Avery, of Alameda, as fire hosemen, and Walter Asher was named to replace Melvin Meyer as poundman and rodent control officer. Meyer resigned two weeks ago.

Large Turn-Out For PTA Program

A capacity crowd turned out at MacGregor School last Thursday evening for the PTA's first meeting of the fall season, during which

an enthusiastic response was given Fred MasLennan's well known Piedmont Scotch bagpipe sextette. Headlining the program was Joan Fisher, 10-year-old lassie who performed the Highland fling and the Scotch Sword Dance with great skill and energy. The youngster has won several awards for her dancing.

Others participating in the band were Robert Nichol, Piedmont Coach William Skinner, William Berwick and Robert Begg.

Speaking briefly on the disaster and fire drills currently practised at MacGregor School, Dr. Paul C. Bryan, superintendent, told parents that the training of children in preparedness for bombings will follow along lines used last year. He told of the appointment of Dr. Hiram Cromer as director of Disaster Preparedness for Albany Schools.

With introductory speeches by William Woolworth, the following faculty members were presented: Principal Charles Reed, Mrs. Meriel Harpham, Miss Evelyn Randolph, Miss Margaret Plosser, Mrs. Edith Ball, Miss Marjorie Saylor and Mrs. Ruth Brackett, secretary to the principal.

Outlining plans for the current school term, Reed urged that his idea of well-rounded education consists of spiritual, physical, mental and social aspects of a child and that the spiritual is primarily the parents' duty.

In a brief business meeting conducted by President Fred Woodward, the new PTA budget was approved.

Tire Rubber Economy Never Possible Before

Into the national achievement record has gone this phenomenal tire rubber economy—never known or possible before!

Not an ounce of wasted rubber yet each tire can give every owner years, instead of miles, of safety and service—his one tire investment for years to come.

With local communities solidly backed by extensive dealer investments in service and maintenance equipment, all of the original safety mileage of these unique tires is continuously renewed and renewable—when other tires are giving up their lives.

They are tires that work and serve at the very heart and core of the national economy in normal times, and in every possible rubber emergency.

They have set up entirely new standards of safety and mileage by which other tires are now being judged and measured, everywhere in the United States.

Whether with black, or with whitewalls, they provide their exclusive Protective Curbguard, their new Royaltex Tread and Traction, and they deliver up to 60% more safe mileage.

They have resulted from many years of continuous research, experience and U. S. Rubber investment. They are the only such tires in the world, priced as low as life and safety permit.

They are the tires that now roll and serve with the nation, with tire rubber economy never known before, remaining fresh and new in safety when other tires are giving up their lives.
